

A Safe Place: Descriptive Writing

Write or type at least one paragraph describing a place where you feel safe. Use descriptive writing that makes us feel as though we are there. You can describe a room, a house, a place outside, or any other place that you have been. Why do you feel safe there? If you're stuck, use the five senses. How does it smell, feel, sound, taste, or look? Be creative!

Due: September 4th
